

Alliance for Resilient Cities

Clean Air Partnership
ARC Webinar #4 May 20, 2008
www.cleanairpartnership.org

Thanks to:

- The Ontario Ministry of the Environment provided funds to support three ARC webinars this year on climate change and water issues
- As a result, this webinar is offered free of charge as will be the October webinar on climate change & water issues in the Great Lakes region
- ARC memberships will be required for participation, starting in July

Current ARC Membership

- ✓ Region of Peel
- ✓ City of Vancouver
- ✓ Town of Oakville
- ✓ City of London
- ✓ City of Toronto
- ✓ City of Montreal
- ✓ Ontario Ministry of the Environment
- ✓ Others (across Canada) pending

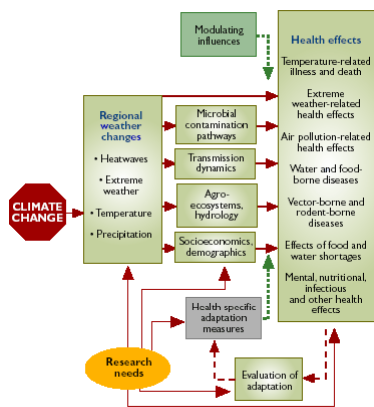

Next Webinar:

Health & Climate Change

July 15, 2008 with:

- **Kristie Ebi**, Lead Author, Health Chapter, IPCC
- **Peter Berry**, Health Canada's Climate Change & Health Office

Fall Webinars

- *Assessing Climate Change Risk to Urban Infrastructure*
September 16, 2008
- *Climate Change and Water in the Great Lakes Region*
October 21, 2008
- *The Challenge of Climate Change for Water Supply*
November 18, 2008

Some Resources on Climate Change and Urban Flooding:

- [Managing Wet Weather with Green Infrastructure: Action Strategy 2008](#)
USEPA
- [Stormwater Management as Adaptation to Climate Change](#) in *Stormwater: Journal for Surface Water Quality Professionals*
- [Managing Climate Change Risks in New York City's Water System](#) in *Mitigation and Adaptation Strategies for Global Change Journal*

Today's Presentations: Climate Change & Urban Flooding: Challenges & Solutions

Shawn Dalton, University of New Brunswick

- Shawn is the Director of the Environment and Sustainable Development Research Centre at UNB and an Associate of the Canadian Rivers Institute

Joan Klaassen, Environment Canada

- Joan is a meteorologist/climatologist at the Meteorological Service of Canada-Ontario, who works closely with the Adaptation and Impacts Research Group in Downsview

Andrew Boyland, KWL Consulting

- Andrew is the lead author of a recent risk assessment of the impacts of climate change on sewerage infrastructure in the Vancouver area

Jenny Molloy, USEPA

- Jenny is with the lead, Green Infrastructure Team at the US EPA's Office of Wastewater Management
